GOALS – Through the creation of a climate of love and understanding and a rich variety of experiences in a physical and social environment favorable to the development of children, each child will be helped to grow physically, emotionally, socially, intellectually, and spiritually. Through freedom in a structured environment the child will be encouraged to explore, experiment, create, pretend and discover at his/her own pace. Teachers will concentrate on individual growth and development as well as group learning experiences.

PROGRAM – Elizabethtown Community Nursery School (ECNS) is accredited by the National Association for the Education of Young Children (NAEYC) – a widely recognized mark of high quality. Also licensed by the State Board of Private Academic Schools, all teachers are state certified in Early Childhood.

Classes run for thirty weeks beginning mid-September and ending in May. Each 4/ 5-year-old class will have up to eighteen children and two adults, while each three-year-old class will be limited to sixteen children with two adults. Children need to be three, four or five years old on or before September 1 following EASD's age criteria.

ECNS admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school.
